Hooray!
It's finally finished!
Hong, former class president Gond grades (within this class), likes to stay in class and finish homework before going home.
So I can watch TV at home as much as I like!
Tonight's Sailor Moon Tuxedo Mask would show up!
Enjoys watching cartoon and TV series, especially those from Hong Kong or Taiwan which are on air late in the night broadcasted by local TV channels

What ?
Wait a minute! Your Majesty! "Palace" means...?
The palace I live like home for peasants
Zhen decided
If you have outstanding behaviour tonight you'd become Queen
"Queen"?
As the consart of monarchy?
You must be kidding Your Majesty we're both girls
Good-bye

Don't make it difficult for me
Just follow Her Majesty to her palace

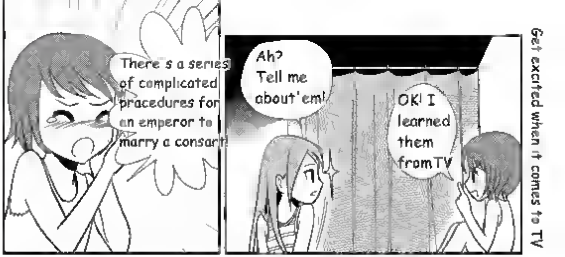
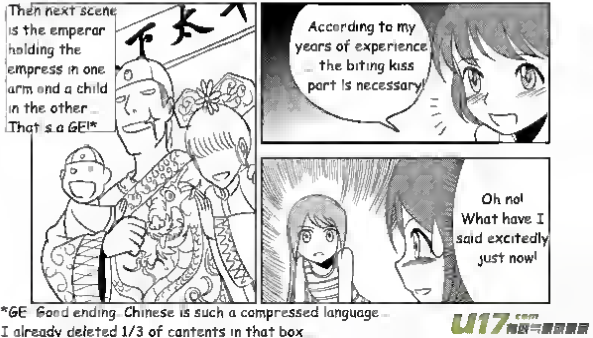
What did you do!?
Hua!
Call me Your Majesty!
!!
Didn t I tell you at school today? You'll sleep with Zhen and if you behave well you'll become Queen
That s the ceremony for Queen s coronation
How did I behave well?
esides, coronation shouldn't be such a haste! Just a kiss n the cheek?



There's a series of complicated procedures for an emperor to marry a consort
Ah? Tell me about 'em!
OK! I learned them from TV
Get excited when it comes to TV

My parents are often on night shift, so I can watch late night shows
Usually, the emperor will be biting each other with a woman
Sometimes they will take off their clothes



Then next scene is the emperor holding the empress in one arm and a child in the other
That's a GE!*
According to my years of experience, the biting kiss part is necessary!
Oh no! What have I said excitedly just now!

*GE: Good ending. Chinese is such a compressed language
I already deleted 1/3 of contents in that box

What're you waiting for? Zhen didn't expect you to have such in-depth knowledge! If Zhen doesn't follow Zhen would look like a joke!
What in-depth knowledge?
Now that!
Waaa- it a minute!
Don't Your Majesty! I'm calling help!
Now commence the "biting" kiss part!
Nobody will come even if you shout to death!
Hong! You know the concequences of disobeying Zhen!
I can explain! Your Majesty!
I'm afraid of having kids
I heard that giving birth is very painful
Ah! There'll be kids?
